

wayland::proxy_t

```
graph BT; A[wayland::data_source_t] --> B[wayland::proxy_t]
```

The diagram illustrates a class inheritance relationship. At the bottom is a gray rectangular box containing the text 'wayland::data_source_t'. A blue arrow points vertically upwards from the top center of this box to the bottom center of a white rectangular box with a black border above it, which contains the text 'wayland::proxy_t'. This indicates that 'wayland::data_source_t' inherits from or is a base class for 'wayland::proxy_t'.
